

48V 52V 60V 30Ah Triangle Ebike Battery 1500W 18650 Electric Bike Lithium Battery

Our Product Introduction

for more products please visit us on enookbattery.com

Basic Information

- Place of Origin: china
- Brand Name: enook
- Certification: CE
- Model Number: Lithium Ion Battery
- Minimum Order Quantity: 10
- Packaging Details: packed in carton
- Delivery Time: 15
- Payment Terms: TT PAYPAL
- Supply Ability: 1000pcs per month

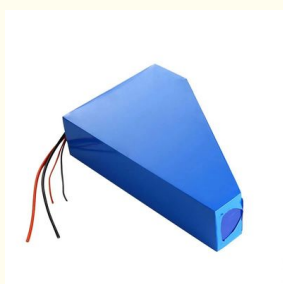

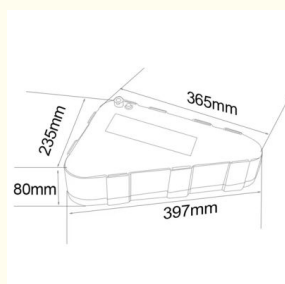

Product Specification

- Discharge Working Temperature: -20~60°C
- Color: Black
- Case: Triangle
- Battery Type: Brand 18650 Cells
- Capacity: 13Ah 15Ah 16Ah 17Ah 17.5Ah Customized Capacity
- Application: Electric Bike/ Bicycle/ Motorcycle/ Ebike
- Estimate Weight: Customized
- Voltage: 36V/ 48V/ 52V/ 60V/ 72V Optional Voltage
- Highlight: **60V Triangle Ebike Battery,
1500W Triangle Ebike Battery,
18650 Electric Bike Lithium Battery**

Product Description

Product Description:

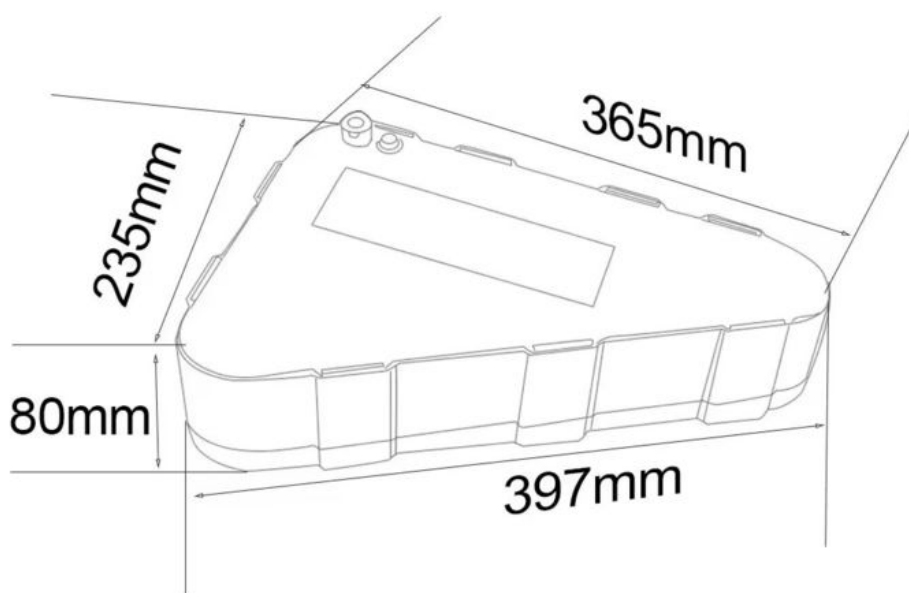

With Lithium ion battery, this E Bike Battery is built to last, providing reliable power for all your outdoor adventures. The LiFePO4 Battery technology ensures high energy density, long cycle life, and excellent safety performance.

This E Bike Battery is built to withstand a wide range of temperature conditions. The discharge working temperature ranges from -20~60°C, making it suitable for use in extreme weather conditions. The storage temperature ranges from -10~40°C, ensuring that the battery remains stable and safe when not in use.

Whether you're using an electric bike, bicycle, motorcycle, or ebike, this battery is the perfect solution to your power needs. Its black color adds a touch of style to your ride, while its high-quality construction ensures maximum performance and durability.

Don't settle for less when it comes to your outdoor adventures. Choose the E Bike Battery with 3.2V LiFePO4 Battery technology and experience the power and reliability you deserve.

Features:

Product Name: E Bike Battery

Battery Name: Triangle Ebike Battery Pack

Color: Black

Size: 367*110*90.5mm/Customized

Case: Triangle

Application: Electric Bike/ Bicycle/ Motorcycle/ Ebike

18650 Lithium ion battery

Battery Warranty	1 Years
Rated Voltage(v)	48v, 52v, 60v, 72v
Rated Capacity(ah)	22ah-44.5ah
Voltage/Capacity	Accept Customize
Configuration	13S9P, 13S12P, 13S14P, 14S9P, 14S13P, 16S7P, 16S11P, 20S6P, 20S9P
Battery Cells Type	18600, 21700, XT60
BMS	40A, 50A, 60A, 120A
Size(mm)	355*295*200mm
Battery Weight(kg)	12kg
Cycle Life(time)	500-800 cycles with DOD 80%

Applications:

The Lithium Ion Battery is a Triangle Ebike Battery Pack, made of brand 18650 cells, and the estimated weight is customized. This battery comes in different capacities, ranging from 13Ah to 17.5Ah, with the possibility of customized capacity. The Discharge Working Temperature is around -20~60°C, which makes it suitable for different weather conditions and environments.

This battery has multiple product application occasions and scenarios, such as:

E-bikes: The Lithium Ion Battery is an ideal power source for electric bikes, providing a long-lasting and reliable energy supply. The different capacity options allow for customization depending on the user's needs.

Electric scooters: This battery can also be used in electric scooters, providing the necessary power to make longer rides. The customized weight option makes it easier to handle and transport.

Electric motorcycles: The 3.2V 202Ah Lithium ion battery is also suitable for electric motorcycles, providing a high-capacity and stable energy source. The 3.2V LiFePO4 Battery is also an option for those looking for different specifications.

Electric wheelchairs: The Lithium Ion Battery is also used in electric wheelchairs, providing a reliable and efficient power source for people with mobility issues. The customized capacity and weight options make it easier to adapt to different models and needs.

Other vehicles: The Lithium Ion Battery can also be used in other types of electric vehicles, such as electric boats or golf carts, providing a long-lasting and customized power source.

Overall, the Lithium Ion Battery by enook is a versatile and reliable power source for different types of electric vehicles. Its different capacity and weight options, along with its CE certification and high-quality brand 18650 cells, make it a great choice for those looking for a customized and efficient energy solution.

Customization:

Our E Bike Batteries come in black and can be customized to your desired size, with dimensions of 367*110*90.5mm. Voltage options include 36V, 48V, 52V, 60V, and 72V. We also offer a customized estimate weight. These batteries feature 3.2V LiFePO4 Battery and 3.2V 202Ah Lithium ion battery. We recommend storing them at temperatures between -10~40°C for optimal performance.

Support and Services:

Our E Bike Battery product comes with a comprehensive technical support and services package to ensure you get the most out of your purchase. Our team of experts is available to assist with any technical questions or issues you may encounter. We also offer regular maintenance and repair services to keep your battery functioning at its best. Our support and services include:

[24/7 technical support hotline](#)

[Online troubleshooting guide](#)

[Regular maintenance and repair services](#)

[Battery testing and analysis](#)

[Warranty coverage for eligible issues](#)

We are committed to providing top-notch support and services to our customers to ensure your satisfaction with our product.
