Basic Information

- Brand Name: enook
- Certification: CE ROHS FCC UN38 .3 MSDS
- Model Number: portable solar power station
- Minimum Order Quantity: 4

Product Specification

- Battery Type: Lithium-ion
- Discharge Temperature: -4-113°F/-20-45°C
- Voltage: AC110~220V
- Working Humidity: 10-90%
- Product Size: 9.84*5.51*6.69in/ 250*140*170mm
- Special Features: Type C, Flashlight, RV Port, Cigar Lighter
- Product Name: Portable Power Station
- Keywords: Outdoor Portable Emergency Power Station
- Highlight: **1000W Lithium ion Emergency Power Station, Personal Lithium ion Emergency Power Station, Outdoor Lithium ion Emergency Power Station**

Product Description

Product Description:

The Portable Power Station is designed to provide you with reliable power on the go. With a DC output of USB-C, you can charge your devices quickly and efficiently. Whether you need to charge your phone, tablet or laptop, this power station has got you covered. The inverter type of this product is pure sine wave, which means you can expect clean power that won't damage your devices. The Portable Power Station is built to last. It's made from high-quality materials that are designed to withstand the rigors of outdoor use. This product is built to handle extreme temperatures, so you don't have to worry about it failing on you when you need it most. The product size is 9.84*5.51*6.69in/ 250*140*170mm, so it can easily fit in your backpack or carry-on luggage. With a working humidity range of 10-90%, this Outdoor Camping Portable Energy Battery is perfect for use in all weather conditions. It's also incredibly easy to use. Simply charge it up before you head out and you're ready to go. You can use this power station to charge all your devices or power your camping equipment, like lights, fans, and even your portable fridge! The Portable Power Station is the perfect solution for those who love spending time outdoors. It's reliable, efficient, and most importantly, it provides you with the power you need when you need it most. So whether you're planning a camping trip, a weekend hike, or just a day out in nature, make sure you bring this Portable Power Station along for the ride!

Features:

Product Name: Portable Power Stations
Model: LA1000W
DC output: USB-C
Voltage: AC110~220V
Output Wave: 1000W Sine Wave
Working humidity: 10-90%
AC Adaptor compatible
Can be charged by Car
Solar Panel compatible
Perfect Outdoor Portable Emergency Power Station
Outdoor Cabinet Energy Storage

Technical Parameters:

Product Name	Portable Power Station
Model	LA1000W
Product Size	9.84*5.51*6.69in/ 250*140*170mm
Battery Type	Lithium-ion
Inverter Type	Pure Sine Wave
Power Source	AC Adaptor, Solar Panel, Other
Special Features	Type C, Flashlight, RV Port, Cigar Lighter
Voltage	AC110~220V
Working Humidity	10-90%

This Outdoor Camping Portable Energy Battery is a Solar Power Station with a Pure Sine Wave inverter.

Applications:

The Portable Power Station is perfect for outdoor activities such as camping, hiking, and picnics. It provides a reliable power source for your devices, including smartphones, tablets, laptops, and cameras. With its Type C output, you can charge your devices quickly and efficiently. The flashlight feature is also a useful addition for camping trips or other outdoor activities where you need a source of light. If you are an RV owner, the Portable Power Station is a must-have accessory for your vehicle. It has an RV port and cigar lighter, making it easy to charge your devices while on the road. You can also use it to power your appliances or other devices without having to rely on a traditional power source.

The minimum order quantity for the Portable Power Station is 4, making it an excellent choice for families or groups of friends who enjoy outdoor activities. The compact and lightweight design makes it easy to transport, and the sturdy construction ensures that it can withstand the rigors of outdoor use.

Overall, enook's Portable Power Station is a reliable and efficient power source for all your outdoor and emergency needs. With its pure sine wave inverter, Type C output, flashlight feature, RV port, and cigar lighter, it is the ideal solution for anyone looking for a reliable and efficient power source.

Customization:

Customize your enook Portable Solar Power Station with our product customization services. Our product is perfect for outdoor camping,

providing a portable energy battery that can be charged through an AC adaptor, car, or solar panel. With a minimum order quantity of 4, you can add your own personal touch to the product, making it unique to your brand or company. Our product is CE, ROHS, FCC, UN38.3 and MSDS certified, ensuring quality and safety. The DC output is through USB-C, and the inverter type is pure sine wave. The working humidity range is 10-90%, and the output wave is 1000W sine wave. The voltage range is AC110~220V. Don't settle for a generic power station, customize your enook Portable Solar Power Station today!
